

CABOOLTURE AERO CLUB

SAFETY NOTICE TO MEMBERS

SAFETY NOTICE REGISTRATION #

6/25

TITLE

RPAS OPERATION OVER CABOOLTURE DUMP – 08 MAY 25

DETAILS OF HAZARD

My name is Michelle and I am from the Department of the Environment, Tourism, Science and Innovation.

I am writing to inform you that I will be conducting a RPAS survey at the Caboolture Waste Management Facility, which is immediately next to the Caboolture uncontrolled aerodrome. The approximate time of the survey will occur from 10:30AM of 8 May 2025.

I will be using a multi-rotor craft that is below 2kg and flying at a max level of 300ft AGL. The remotely piloted aircraft will strictly remain within the survey area, and will not cross over into the airfield boundary.

Additionally, I am in the process of getting a NOTAM approved and will be broadcasting over the radio prior to and during flying. All safety precautions will be taken to avoid any airspace traffic conflict.

This email is purely a notification for the awareness of the Caboolture Aero Club and anyone who will be using the airstrip. Please share this information wherever you deem relevant.

In case you need to contact me on the day, the best number will be: 0419 727 125. Otherwise, my email and phone number is as listed in my email signature. If you require any other information, please let me know.

POSSIBLE CONSEQUENCES

- Possible non-Standard flight Operations
- Collision Risk

REPORTING

Any concerns, please email secretary@cacq.com.au & fsag@cacq.com.au

MITTIGATION ACTION

This notice is intended to advise pilots that this hazard exists.
